This Agreement shall remain effective from **12/01/2024** to **12/01/2025** for **one year** .

This User Agreement constitutes a binding contract between you, Party A (VCQRU Pvt Ltd) and Nutramarc Sports Nutrition co with regard to the use of various services that are provided by VCQRU.

1.1 VCQRU Private Limited a Company Incorporated under the "The Companies Act-2013", with its principal office at **Unit No. 1502-1503, Tower-4, 15 th Floor, DLF Corporate Green, Sector-74A, Southern peripheral Road, Gurugram-122004**, Haryana provides various product genuineness enquiry and Business promotion related software services through its Website (www.vcqr.com), Twitter account, Facebook account, Google + account, other social media accounts, mobile-cellular technology, post/courier as well as

through its call- center.

1.2 VCQRU shall provide you ("Nutramarc Sports Nutrition co ") a method and enabling mechanism through its website, printed labels and services so that purchasers of your product ("consumers") on their own through VCQRU, Product genuineness inquiry related services can obtain details inter alia, genuineness of product, name of product, name of manufacturer, Maximum retail price (MRP), date of manufacturing, date of expiry, batch number, customized business promotion message from manufacturer throughout India ("Service/s or VCQRU Services"). These Services may be availed by the Manufacturer and Consumers in India or abroad as per the purchase order conditions with you.

1.3 VCQRU provides Users a facility to know if the product they have purchased is actually manufactured by the Manufacturer it claims or it is a fake, duplicate of the original product. It does not comment on the quality of the product. VCQRU also provides various business promotional services for your sales promotion and loyalty building. The information would be provided on the basis of the coupon generated and printed by VCQRU of provided quantity and the production and supply chain should follow the process provided by VCQRU.

1.4 The product genuineness inquiry services utilize use of a scratch label pasted on the product with precoding at your (manufacturer) end. The codes on the scratch labels are sent by Manufacturer to command center for verification. The system works on the premise that the fake/counterfeit/spurious/duplicate product producers cannot economically produce fakes/counterfeit/spurious/duplicate products without purchasing an original genuine product as they will not be able to match the codes on the scratch labels. However, in one event when the codes of scratch label of a genuine original product without verification are used on duplicate/fake/counterfeit/spurious product, then the same may get passed from the system. Hence, fake product can pass through the system only when one original product is purchased by fake producers. However, this cannot be done for many products due to economic loss to duplicate/fake/counterfeit /spurious producers as they have to buy one original for one duplicate. The fake manufacturers will not setup their production facility at huge cost to produce without knowing correct codes. The Manufacturer fully understands this and accepts this while using the services.
